

SOULNATURE HERBAL NATURAL PERSONAL CARE & COSMETICS

SoulNature Aloe Vera brand of herbal natural personal care & cosmetic products are made under cGMP & WHO certified manufacturing facilities in India. The traditional knowledge of Ayurveda and herbal benefits of Aloe Vera (many others) are incorporated in the herbal formulations. Products are available for body, skin, face, hair, nails, massage, etc. Formulations can be made and are modified as per various international market & FDA registration compliances in every country. The herbs are grown under organic farming practices with minimum or low traces of pesticide residue and are further processed to remove heavy metals and impurities if any. The organic farmers are part of a social development program which is a non-profit organization, which ensures that the profits from the organic herb cultivations go back to them to improve their lives. Our social commitment to the herb revolution is our commitment to pass on the ongoing benefits of natural products to the growers of herbs themselves. Our products are not tested on animals and are environmental friendly.
