

SOULNATURE SPECIALITY PHARMA CHEMICALS

PRODUCTS

H&PC ACTIVES

Oral Care | Sun Care | Skin Care | Hair Care | Preservatives | Others

Oral Care

- **TRICLOSAN** - Anti-microbial agent in toothpastes, mouthwashes, personal hygiene soaps, detergents and child-safe plastics
- **G CALCIUM GLYCEROPHOSPHATE** - Dental enamel protection, nutraceuticals & pharmaceutical applications
- **SPARKLE CARBAMIDE PEROXIDE** - Teeth whitener

Sun Care

- **AVIS AVOBENZONE** - Broad spectrum UV-A filter for skin and sun care preparations
- **CINNAMON OCTYL METHOXYCINNAMATE** - UV-B category I filter used for OTC sun care products
- **BEN-3 BENZOPHENONE** – 3 Oil soluble UV-filter
- **BEN-4 BENZOPHENONE** – 4 Water Soluble UV-filter
- **BEN-12 BENZOPHENONE** –12 UV-filter for Industrial Use
- **OCTYNE-B OCTOCRYLENE** - An oil-miscible UV-B filter

Skin Care

- **NDGA** - Anti-oxidant and anti-ageing molecule
- **4 nBR** - Powerful skin lightening agent. Lightens acne scars, age spots, discoloration & freckles
- **DARUTOSIDE(Synthetic Analogue)** - Stretch mark remover
- **EFLORNITHINE HYDROCHLORIDE** - Hair remover

Hair Care

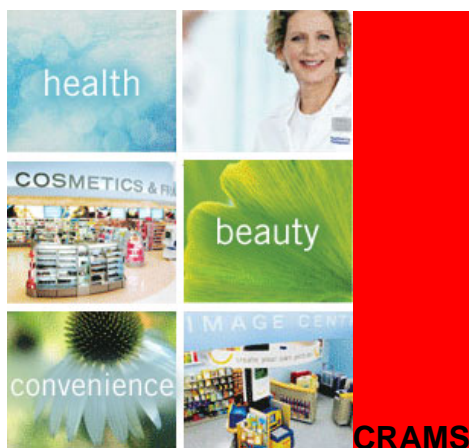

- **ZINC PYRITHIONE** - Anti-dandruff agent in shampoos and anti bacterial for industrial applications
- **CLIMBAZOLE** - Anti-fungal agent for hair care & pharmaceutical applications
- **KETOCONAZOLE** - Anti-dandruff & anti-fungal agent
- **PYRROLIDINIL DIAMINOPYRIMIDINE OXIDE** - Re-grows hair and prevents hair loss

Preservatives

- **COSVAT CHLORPHENESIN** - Anti-fungal and anti bacterial characteristics, preservation and stabilization of cosmetics
- **COSVAT-118 1,2 HEXANEDIOL** - Preservative
- **COSVAT-281 IODOPROPYNYL BUTYLCARBAMATE** - Potent cosmetic preservative, powerful fungicide and bactericide for shampoo, bar, soap, glue, paints

Others

- **HYDROXY DICHLORO DIPHENYLETHER** - Home & fabric care
- **TRICHLOROCARBANILIDE** - Wide spectrum bacteriostatic (anti-bacterial)
- **PARA CHLORO META XYLENOL** - An anti-microbial & germicidal for personal hygiene and industrial use

Objective

When chemistry and costs matter, our Contract Manufacturing Division is really the right fit. What with companies across the world seeking efficiencies of scale and quality.

The **Contract Manufacturing Division** addresses the challenges & opportunities created by the need for manufacturers in Europe, North America, and Japan to look at outsourcing operations to cost effective options in India, by aligning with Indian partners.

The Division is actively exploring Joint Ventures / Strategic Alliances with Manufacturers and IP companies in the Specialty Chemicals sector to partner in areas ranging from custom synthesis to manufacturing.

The Division also offers Contract Manufacturing services from less than 1 MT level to more than 100 MT level. Vivimed with its more than a decade presence in the Specialty Chemicals Industry, its established research facility, and its range of in-house products, would serve as an ideal partner for clients looking to outsource their research and manufacturing needs to utilize the cost-efficiency of operating out of India.

Services

From Custom Synthesis to Commercial Production

- Requirement Definition
- Determining the Right Synthesis route
- Extensive evaluation of the synthesis route
- Operational ease and commercial feasibility
- Scalability, RM availability
- Environmental factors
- Lab Level Definition
- Scale-up from Kilo-level to a batch plant
- Process documentation
- Project costing
- Project Commercialisation
- Identifying existing/new manufacturing facilities
- Finalisation of Layouts and production requirements

- QC/QA systems put in place
- Monitoring and reporting structure established
- Project plan ready for implementation
- Commercial agreement
- Commercial production

Protection of Intellectual Property Rights

- IPR agreements as per client requirements
- Non-Disclosure Agreements binding all personnel associated with the project
- Binding all people connected with the project

Certification of Facilities

- Currently our Research facilities are approved by the central body at all India level DSIR (Department of Scientific & Industrial Research), an equivalent to the cGLP certification
- cGLP and cGMP certifications to be obtained in due course

Dedicated Teams

Cross-functional teams comprising executives from

- Project Management
- R & D
- Production & Engineering
- Procurement
- Regulatory
- Legal & Commercial

Research & Development

Comprehensive Services

- New Molecule Research
- Developmental R&D
- Lifecycle Management Services
- Synthesis & Feasibility Studies

Technology & Reaction types

- Organometallic reactions, Low temperature synthesis
- Special Purpose Reactions - Hydroformylations, Carbonylations, Hydrogenations

Analytical & Instrumentation Support

GC with FID, HPLC with PDA, NMR, LCMS, Electronic balance single pan, KF Automatic Titration, Cyclo Mix Magnetic Stirrer cum heater, Ultra sonic equipment, Vacuum Pump, Muffle Furnace, pH meter, etc.

Business Model

We offer a client-specific business model depending on the requirement. Some sample models are:

- Fixed Price Contracting
- Cost plus Margin
- Joint Venture
- Joint Product Development & Manufacturing

Formulations

- Sunscreen cream SPF-15
- Dantuff-C
- Dantuff-C with ZPTO
- Dantuff-K
- Sunscreen lotion SPF-7.5
- Sunscreen lotion SPF-15
- Sunscreen lotion SPF-20+
- Skin whitening cream
- Hair conditioner
- Anti-fungal gel
